

GITHUB FILE UPLOAD HELP

How to Upload a File to SciFiles Repository

To upload your PDF or image file and generate a shareable link for the admin app, please follow these steps:

1. Visit the Repository Go to: <https://github.com/scipaintbondhu/SciFiles/>

The screenshot shows the GitHub interface for the repository 'scipaintbondhu / SciFiles'. At the top right, there is a 'Sign in' button highlighted with a yellow box and an arrow. Below it, the repository details show 1 branch and 0 tags. The main area lists several files uploaded by 'scipaintbondhu': 'README.md', 'SCI Paints Bandhu Logo Final.png', 'painter's scheme 10.9 2025.pdf', and 'painter's scheme 14.8.25.pdf'. On the right side, there is an 'About' section with repository statistics: 3 commits, 0 stars, 0 forks, and 0 watching.

2. Sign In to GitHub Click "Sign in" at the top right corner. Use the following account: Email: scipaintsbondhu.web@gmail.com

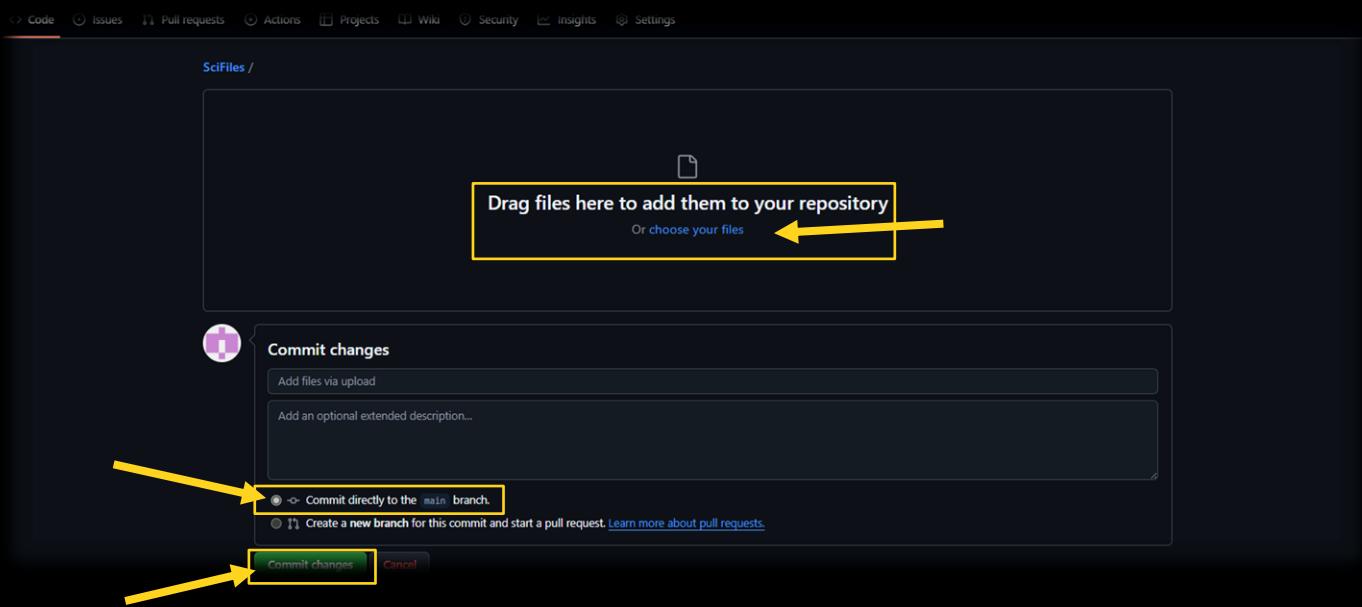

The screenshot shows the GitHub sign-in page. It features fields for 'Username or email address' and 'Password', a 'Sign in' button, and an 'or' separator followed by a 'Continue with Google' button, which is also highlighted with a yellow box and an arrow. There are links for 'New to GitHub? Create an account' and 'Sign in with a passkey'.

3. Upload Your File

- o Click "Add file" → "Upload files"

The screenshot shows the GitHub interface for the repository 'SciFiles'. The 'Add file' dropdown menu is open, showing options like '+ Create new file' and 'Upload files', with 'Upload files' highlighted with a yellow box and an arrow. The repository details show 1 branch and 0 tags. The main area lists files uploaded by 'scipaintbondhu': 'README.md', 'SCI Paints Bandhu Logo Final.png', 'painter's scheme 10.9 2025.pdf', and 'painter's scheme 14.8.25.pdf'. On the right side, there is an 'About' section with repository statistics: 3 commits, 0 stars, 0 forks, and 0 watching.

- Drag and drop your file (PDF or image), or use the file picker
- Click “Commit changes” to complete the upload

4. Locate Your File

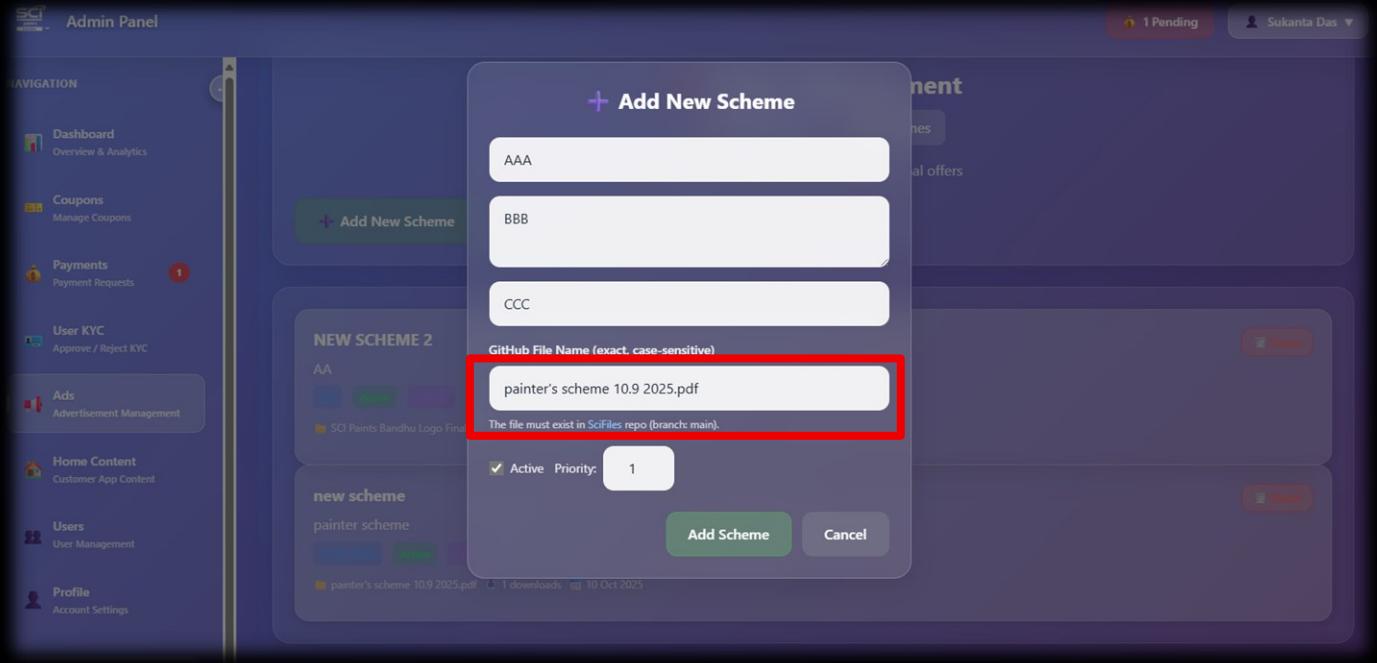

- After upload, your file will appear in the repository list
- Click on the file name to open its preview

5. Copy the File Name

- On the file preview page, click the “Copy” button next to the file name
- This will copy the exact filename

6. Paste into Admin App

- Open the admin app
- Paste the copied filename into the designated field
- You're done!

THANK YOU
